

Curriculum Development Unit Plan Structure

Every Unit Plan repository should have the following.

* README.md: Unit plan template

* lessons/

- Folder containing separate folders for each lesson.
- Each sub-folder should be named ##_TOPIC i.e. 00_intro
- A lesson plan should be a pdf file.
 - We will not specify a specific format for lesson plans, but each one should include all lesson components including (but not limited to):
 - Main objective
 - Standards
 - In class exercises
 - Notes
 - Resources
 - Assignments

- Each lesson folder should only contain:

- PDF files
- Source code files
- Images

* assessments/

- Any assessments & their associated rubrics
- Even if the assessment is also in a lesson folder, it should also be placed in this folder.

* resources/

- Folder containing any extra resources
